December 31, 2014

1. Organization

Bankoh Investment Services, Inc. (the "Company") is a wholly-owned subsidiary of Bank of Hawaii (the "Bank"). The Bank is a wholly-owned subsidiary of Bank of Hawaii Corporation (the "Parent"). The Company is a broker-dealer in securities registered with the Securities and Exchange Commission (SEC) under rule 15c3-3(k)(2)(ii), which provides all funds and securities belonging to the Company's customers be handled by a correspondent broker-dealer. The Company acts only as an introducing broker-dealer. The Company is a member of the Financial Industry Regulatory Authority and Securities Investor Protection Corporation and provides access to a broad range of investments through major financial markets, including the New York Stock Exchange, Chicago Board Options Exchange and the NASDAQ market. The Company is also licensed to sell annuity, life insurance and other retirement plan products under a sub-agent agreement with a general agency. The Company conducts its business primarily in the State of Hawaii.

The Company executes its customers' transactions on a fully-disclosed basis through an unaffiliated clearing broker-dealer, National Financial Services, LLC (NFS), which maintains the accounts and securities of the Company's customers.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accounting and reporting principles of the Company conform with U.S. generally accepted accounting principles (GAAP) and prevailing practices within the industry. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results may differ from those estimates and such differences could be material to the financial statements.

Cash Equivalents

The Company has defined cash equivalents as highly liquid investments with original maturities of less than ninety days. Cash equivalents represent funds held in a money market fund that totaled \$1,369,933 as of December 31, 2014.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Mutual Fund and Securities Income

Commission revenue and related brokerage charges are recorded on a trade-date basis.

Annuity Fee and Life Insurance Income

Annuity and life insurance income and related expenses are recorded on a contract date basis. The contract date is the date the Company receives the customer's completed application.

Subsequent Events

Subsequent events have been evaluated through February 20, 2015, the date the financial statements were issued. No subsequent events were noted that would have a material impact on the financial statements.

3. Service Agreement

The Company has a service agreement with NFS to provide certain services as the Company's agent. These services include carrying customers' cash and margin accounts on a fully disclosed basis; executing transactions in the customers' accounts as instructed by the Company; preparing transaction confirmations and monthly statements for customers; settling contracts and transactions in securities on behalf of the Company; performing cashiering functions for customer accounts, including receipt and delivery of securities purchased, sold, borrowed and loaned; providing custody and safekeeping of customers' securities and cash; and handling margin accounts, dividends and exchanges, and rights and tender offers.

4. Net Capital Requirements

The Company is subject to the SEC's Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, not to exceed 15-to-1. At December 31, 2014, the Company had net capital of \$556,389, which was \$484,624 in excess of its required net capital of \$71,765. The Company's aggregate indebtedness to net capital ratio was 1.935-to-1. The Company had no subordinated debt at December 31, 2014, or at any time during the year then ended.

Notes to Financial Statements (continued)

5. Related Party Transactions

The Bank allocates certain personnel and operating costs to the Company. These expenses are reimbursed by the Company and recorded in the appropriate expense line item. Allocated expenses in 2014 included:

| Salaries, commissions and benefits | \$ 589,944 |
|------------------------------------|---------------|
| Occupancy | 351,876 |
| Other operating expenses | 110,076 |

At December 31, 2014, amounts due to the Bank included in accrued expenses and other liabilities totaled \$130,986.

6. Income Taxes

The Company is included in the consolidated federal income tax and State of Hawaii franchise tax returns of the Parent. Income taxes are provided based upon the taxable income or loss of the Company. The Parent's tax sharing policy provides for the settlement of income taxes with the Company, as if the Company had filed a separate return. Payments are made to the Parent for current tax liabilities, and if current tax benefits are generated, payments are received from the Parent for the benefits as used.

The Company paid \$1,075,260 to the Parent for income taxes during 2014.

The Company's deferred tax assets of \$87,510 are predominantly the result of temporary timing differences relating to state taxes owed for 2014 which will be deducted from the Federal income tax in 2015 and are included in other assets. Utilization of the Company's deferred tax assets are predicated on the Company being profitable in future years. Management believes it is more likely than not that the deferred tax assets will be realized through future reversals of existing taxable temporary differences.

Notes to Financial Statements (continued)

6. Income Taxes (continued)

The significant components of the provision for income taxes for the year ended December 31, 2014, are as follows:

| Current: | |
|----------------------------|---------------|
| Federal | \$ 711,951 |
| State | 168,280 |
| | 880,231 |
| Deferred: | |
| Federal | 35,628 |
| State | 104 |
| | 35,732 |
| Provision for income taxes | \$ 915,963 |

The provision for income taxes is different from that which would be obtained by applying the statutory federal income tax rate of 35% to income before income taxes primarily due to the effect of state taxes.

The examination by the Internal Revenue Service of the Parent's federal income tax return for 2011 was completed in November 2014 with no adjustments affecting the Company. The Parent's tax returns for 2012 and 2013 remain subject to examination. The State of Hawaii completed its examination of the Parent's State income tax returns filed for 2003 through 2011 in 2013 and completed its computation of interest due for those years in 2014. The Parent's State of Hawaii income tax returns for 2011-2013 remain subject to examination.

7. Employee Benefits

The Company participates in the Parent's Retirement Savings Plan (the "Savings Plan"). The Savings Plan has three Company contribution components in addition to employee contributions: 1) 401(k) matching; 2) a 3% fixed amount based on eligible compensation; and 3) a discretionary value-sharing contribution. Under the 401(k) component, participating employees may contribute up to 50% of their eligible compensation (within federal limits) to the Savings Plan. The Company makes matching contributions on behalf of the participants equal to \$1.25 for each \$1.00 contributed by participants, up to 2% of the participants' eligible compensation, and \$0.50 for every \$1.00 contributed by participants over 2%, up to 5% of the participants' eligible compensation. A 3% fixed contribution and discretionary value-sharing contribution that is

linked to the Parent's financial goals, are made regardless of whether the participant contributes to the Savings Plan and are invested in accordance with the participant's selection of investment options available under the Savings Plan. The Company's expense for the Savings Plan totaled \$384,827 in 2014 and was included in salaries, commissions and benefits.

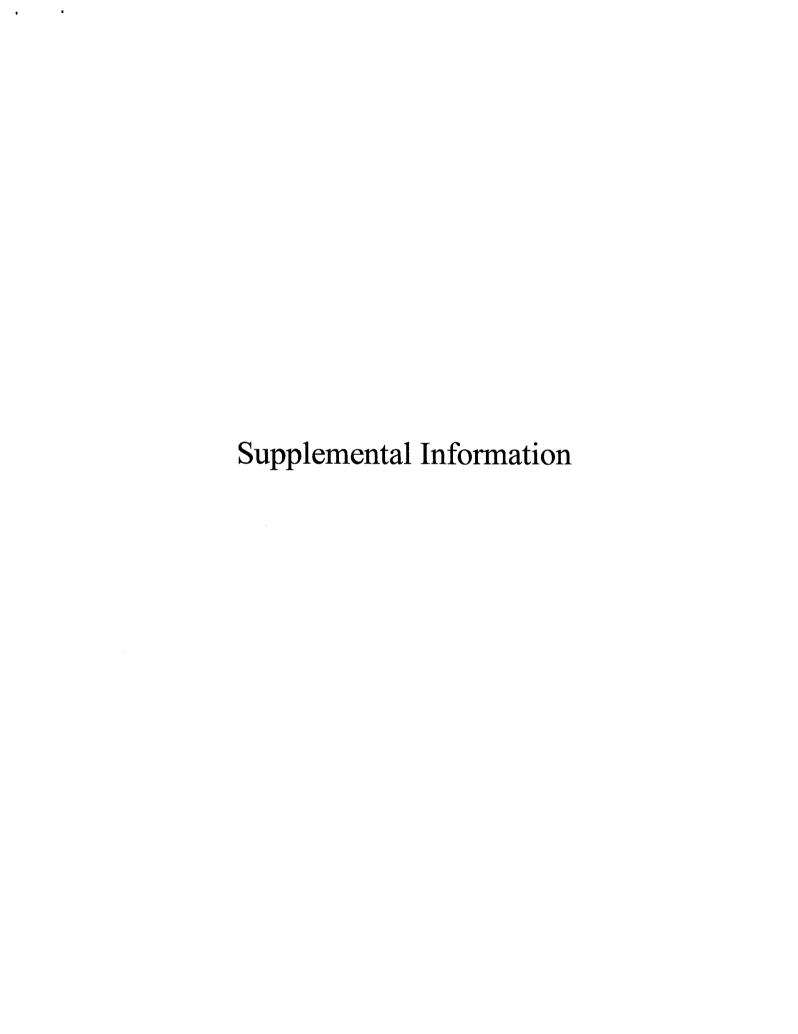

In 1995, the Parent froze its non-contributory, qualified defined-benefit retirement plan ("Retirement Plan") and excess retirement plan ("Excess Plan"), which covered employees of the Parent and participating subsidiaries who met certain eligibility requirements. Beginning January 1, 2001, the Retirement Plan and Excess Plan no longer provides for compensation increases in the determination of benefits. The assets of the Retirement Plan primarily consist of equity and fixed income mutual funds. The Parent's postretirement benefit plan provides retirees with medical and dental insurance coverage. The costs of providing postretirement benefits are "shared costs" where both the employer and former employees pay a portion of the premium. The Parent has no segregated assets to provide for postretirement benefits. For the year ended December 31, 2014, the Company's expense for the Retirement Plan, Excess Plan and postretirement benefits was \$51,958 and was included in salaries, commissions and benefits.

8. Operating Leases

The Company leases office space from the Bank on a month-to-month basis. Rent expense for the year ended December 31, 2014, was \$351,876 and was included in occupancy expense.

9. Contingencies

Based on information currently available, management believes the eventual outcome of any claims against the Company will not have a material adverse effect on the Company's statement of income and financial condition. However, in the event of unexpected future developments, it is possible the ultimate resolution of those matters, if unfavorable, may be material to the Company's statement of income for any particular period.

The Board of Directors
Bankoh Invesment Services, Inc.

We have reviewed management's statements, included in the accompanying Bankoh Investment Services, Inc. Exemption Report, in which (1) Bankoh Investment Services, Inc. (the Company) identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) the Company stated it met the identified exemption provisions throughout the most recent year ended December 31, 2014 without exception. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA and SIPC who rely on Rule 17a-5 under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and other recipients specified by Rule 17a-5(d)(6) and is not intended to be and should not be used by anyone other than these specified parties.
